American Nuclear Society Student Conference 2014

April 3 - 6

The Pennsylvania State University
State College, PA

Now accepting submissions for the
Innovation Track
Two Sessions
App Design Contest
“The Future of Nuclear Is...” Forum

Submit via email to either session by
March 28

tech.psu.ans@gmail.com

Submissions are free format
(PDF only) and will not use the paper
presentation template

**Attention
Smartphone Fans!**

*Do you have what it takes to design the
best nuclear-related app?*

Requirements:

- App is unique and related to nuclear technology
- Submission must include a written proposal and visuals of the app interface
- Functional app is not required
- Group or individual submissions welcome

Technology

American Nuclear Society Student Conference 2014

April 3 - 6

The Pennsylvania State University
State College, PA

Imagine...

Nuclear proliferation is no longer a threat, the global warming problem has been solved using nuclear waste, base load solar power is thriving, and the domestic transportation sector is carbon neutral...all thanks to nuclear engineering!

Can we make this a reality? What else could we be working towards?

**What is the Future of Nuclear Technology?
We want *you* to tell us.**

Requirements:

- An abstract of 1 page or less
- Technical aspects must be addressed
- Feel free to expand on other issues (economic, political or environmental aspects) of your idea

Students with accepted abstracts will have the opportunity to pitch their ideas to industry experts during the conference and win cash awards
